Woven Wire Storage Lockers

SINGLE TIER

Convenient, walk in, single tier lockers are ideal for most storage areas. At 7'-6" high and either 3', 4', or 5' deep there is plenty of room for storage of seldom used items. Single tier lockers come in 3' or 4' widths.

Width	Depth	Height	Weight*	Stock Number
3'-0"	3'-0"	7'-6"	103#	LS 338
3'-0"	4'-0"	7'-6"	113#	LS 348
3'-0"	5'-0"	7'-6"	123#	LS 358
4'-0"	3'-0"	7'-6"	112#	LS 438
4'-0"	4'-0"	7'-6"	122#	LS 448
4'-0"	5'-0"	7'-6"	132#	LS 458

*For 2-sided unit.

DOUBLE TIER

Double tier lockers make the most efficient use of available space. Individual storage areas are accessed through doors 3'-9" high by 3' or 4' wide. Upper and lower storage cubes are separated by a reinforced 16 gauge steel divider. Storage areas may be 3', 4', or 5' deep.

Width	Depth	Height	Weight**	Stock Number
3'-0"	3'-0"	7'-6"	132#	LD 338
3'-0"	4'-0"	7'-6"	149#	LD 348
3'-0"	5'-0"	7'-6"	165#	LD 358
4'-0"	3'-0"	7'-6"	152#	LD 438
4'-0"	4'-0"	7'-6"	171#	LD 448
4'-0"	5'-0"	7'-6"	190#	LD 458

**For 2-sided unit with divider.

OTHER OPTIONS

Tops - We recommend tops for the lockers if there is more than a 6" gap between the ceiling and locker. Top panels are sized to cover two or three lockers.

Backs - Necessary when lockers are placed back-to-back, or installed in a row away from the wall.

Bottoms - A 16 gauge steel bottom may be added over the floor.

Extra Width - If a storage area wider than 4 feet is desired, an extra front panel may be added. These panels are manufactured in one foot increments from 1 to 5 feet wide.

Blind Storage - Sheet metal may be substituted for mesh to provide a solid, private locker.

Specials - Our lockers can be modified if your project has a special application, (e.g. high security, wall mounted garage type, etc.) Call us ... we will be glad to help.

NON-STOCK SIZES

Wire Crafters can build lockers to match your exact needs. We are not limited to the sizes listed in this brochure.

APPROVAL AND ERECTION DRAWINGS

Approval and erection drawings are provided with each order.

SERVICE

If you should have a question or installation problem our customer service personnel will be glad to assist you. **CALL TOLL-FREE 800-626-1816**

SOLID METAL STORAGE LOCKER FROM WIRECRAFTERS!

When the privacy afforded by solid enclosed lockers is preferred...then WireCrafters has the answer. Our lockers are manufactured with quality and precision to fit your exact requirements. WireCrafters mass production techniques provide a high-quality, heavy-duty product at an affordable price.

Consider these advantages...

- Factory engineered quality
- Heavy 16-gauge steel door and wall panels
- Door and wall panels framed with steel angle
- Custom fit to your exact requirements
- No exposed hardware means extra security
- Prefabricated sections install quickly for less disruption in your building

Sizes and Styles...Single or Double Tier

Standard Widths: Choose 3' or 4'

Standard Depths: Choose 3' or 4'

Other sizes available. All doors supplied with padlock lugs.

Specifications...

All panels constructed of 16 gauge sheet metal. Door panels are framed in 1-1/4" x 1-1/4" x 1/8" steel angle, single tier doors hung with three 2-1/2" x 2-1/2" spun pin hinges at the factory. Wall panels are framed on three sides with 1-1/4" x 1-1/4" x 1/8" steel angle and finished with 1/8" x 3" steel flat for mounting the door panel. All panels are supplied with factory punched mounting holes for connection with 3/8" plated fasteners. Dividers for double tier style are made of 16 gauge sheet metal with 1/4" x 3/4" steel stiffeners welded underneath. Optional top panels of woven wire, or sheet metal can be added to the locker. Optional back panels made of 22 gauge galvanized sheet metal.

Local Service...

We will measure your storage area, survey your needs, then create a plan that economically maximizes storage capacity. Call us today.

OPEN MESH STORAGE LOCKERS ARE ALSO AVAILABLE!

WireCrafters

Woven Wire Storage Lockers Architectural Specifications

All frames, dividers, and angle stiffeners shall be punched with slotted holes for anchoring and assembly. Woven wire mesh shall be securely welded to all frames. All dimensions are listed in inches unless otherwise specified.

DOOR PANELS

Shall be framed in 1 1/4 x 1 1/4 x 1/8 hot rolled angle and pre-hung at the factory. Single tier doors will have a single horizontal stiffener bar of 1/4 x 3/4 flat behind the mesh. All doors supplied with door strikes, padlock hasps, and 2 1/2 x 2 1/2 spun-pin hinges welded into place.

WALL PANELS

Shall be framed on three sides with 1 1/4 x 1 1/4 x 1/8 steel angle, a 1/8 x 3 steel flat bar completes the frame. Double tier lockers are equipped with horizontal stiffeners which support divider panels.

WOVEN WIRE MESH

Shall be made of (.135)10 gauge C1008 carbon steel wire intercrimped and woven into 1 x 2 opening rectangular mesh.

BACKS (OPTIONAL)

Shall be 22 gauge galvanized sheet metal.

DIVIDERS/BOTTOMS (OPTIONAL)

Shall be made of 16 gauge sheet metal, 1/4 x 3/4 steel stiffeners shall be welded across the width of each for extra support. One divider provided with double tier units. Optional on all units.

TOPS (OPTIONAL)

Shall be constructed of the same materials as the door panels.

HARDWARE

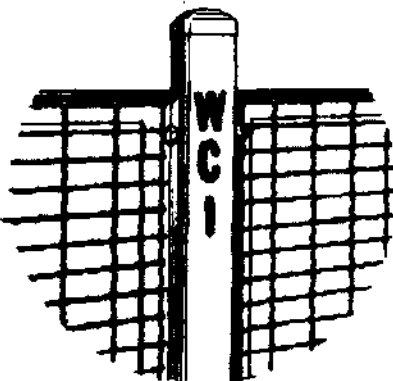

Standard 3/8 grade 2 plated nuts and bolts will be supplied for assembler, 3/8 mechanical anchors for wall and floor mount.

FINISH

All non-plated parts shall receive one prime coat of gray water base acrylic enamel. Materials are subject to nicks, and scrapes during transit; touch-up paint is provided. All lockers shipped loose, ready to assemble.

LIMITED WARRANTY

Wire Crafters Storage Lockers are warranted to the original purchaser against defects in material and workmanship for a period of one year from purchase date (or installation date if such service is provided by Wire Crafters Inc.). Wire Crafters will, during the warranty period, repair or replace, at its option, any defective part provided that the product has not been subject to misuse, abuse, accident, neglect, or improper storage. Modifications to the product and or improper installation by those other than a factory authorized person void this warranty. Wire Crafters Inc. is not responsible for incidental or consequential damages.
